ABOUT Us

We are professional dog walkers within Nairobi, also registered as the first dog walking business in Nairobi. We have also been badged by several embassies in Kenya to walk their diplomats' dogs.

We also have recommendations from trusted animals shelters within Nairobi. Hire us and we won't disappoint your Paw children.

MEET OUR Founder

Emmanuel has been a kennel volunteer at TNR Trust for two years and his journey with TNR began when he rescued a neighbors dog which was living in an unfavourable environment and in poor condition.

He reached out to Dog Lovers of Kenya where he got assistance and got referred to TNR where he showed interest to be a kennel hand volunteer.

He acquired many skills volunteering at TNR such as grooming, training and walking dogs and therefore saw an opportunity to start **DOG WALKERS NAIROBI** on June 2020. He is now referred to as a professional dog walker by TNR.

DOG WALKING

Our dog walking service involves our trained handlers taking your dog for walks, usually starting from your home and around your neighborhood. Additionally, we offer forest walks, like in Karura and Ngong forests, which incur extra charges due to transport, parking, and entry fees.

Our handlers have experience volunteering and training with reputable animal welfare organizations. They can provide recommendation letters from these organizations upon request for verification.

In addition to recommendations, all our handlers annually renew their Good Conduct Certificates for security purposes. Some of our handlers also hold security badges from various embassies, granting them access to diplomatic premises in Nairobi.
